**Sub:- Dust Management measures at Construction Sites**

Please refer to letter No.DPCC.EIACELL-2590 to 2601 dated 01.10.2021 issued under the signature of Member Secretary, Delhi Pollution Control Committee, Department of Environment, Govt. of NCT of Delhi regarding dust mitigation measures at construction sites.

1. Dust/wind breaking walls of appropriate height around the periphery of the construction site.
2. Installation of Anti Smog Gun(s) (for >20,000 Sq.mt built up area)
3. Tarpaulin or green-net on scaffolding around the area under construction and the building.
4. All vehicles including carrying construction material and construction debris of any kind should be cleaned and wheels washed.
5. All vehicles carrying construction material and construction debris should be fully covered and protected.
6. All construction debris and construction material of any kind should be stored on the site and not dumped on public roads or pavements.
7. No loose soil or sand or construction & demolition waste or any other construction material that causes dust shall be left uncovered.
8. No grinding and cutting of building material in open area. Wet-jet should be used in grinding and stone cutting.
9. Unpaved surface and areas with loose soil should be adequately sprinkled with water to suppress dust.
10. Roads leading to or at construction sites must be paved and blacktopped i.e. metallic roads (for >20,000 Sqmt built up area).
11. Construction and demolition waste should be recycled on-site or transported to authorized recycling facility and due record of the same should be maintained.
12. Every worker working on construction site and involved in loading, unloading and carriage of construction material and construction debris should be provided with dust-mask to prevent inhalation of dust particle.
13. Arrangement should be provided for medical help, investigation and treatment to workers involved in the construction of building and carry of construction material and debris relatable to dust emission.
14. Dust mitigation measures shall be displayed prominently at the construction site for easy public viewing.

In this regard the ward wise following teams have been deployed in Day and Night patrolling for ensuring the dust mitigation measures as mentioned above:

Reference letter No.DPCC.EIACELL-2590 to 2601 dated 01.10.2021 issued under the signature of Member Secretary, Delhi Pollution Control Committee, Department of Environment, Govt. of NCT of Delhi regarding dust mitigation measures at construction sites.

In supersession to the earlier Office Order No. 53/DC/SZ?2021 dated 05.10.2021, the following officers are directed to ensure construction/demolition activities in respective jurisdiction are undertaken only after compliance of following measures:-

1. Dust/wind breaking walls of appropriate height around the periphery of the construction site.
2. Installation of Anti Smog Gun(s) (for >20,000 Sq.mt built up area)
3. Tarpaulin or green-net on scaffolding around the area under construction and the building.
4. All vehicles including carrying construction material and construction debris of any kind should be cleaned and wheels washed.
5. All vehicles carrying construction material and construction debris should be fully covered and protected.
6. All construction debris and construction material of any kind should be stored on the site and not dumped on public roads or pavements.
7. No loose soil or sand or construction & demolition waste or any other construction material that causes dust shall be left uncovered.
8. No grinding and cutting of building material in open area. Wet-jet should be used in grinding and stone cutting.
9. Unpaved surface and areas with loose soil should be adequately sprinkled with water to suppress dust.
10. Roads leading to or at construction sites must be paved and blacktopped i.e. metallic roads (for >20,000 Sqmt built up area).

11. Construction and demolition waste should be recycled on-site or transported to authorized recycling facility and due record of the same should be maintained.
12. Every worker working on construction site and involved in loading, unloading and carriage of construction material and construction debris should be provided with dust-mask to prevent inhalation of dust particle.
13. Arrangement should be provided for medical help, investigation and treatment to workers involved in the construction of building and carry of construction material and debris relating to dust emission.
14. Dust mitigation measures shall be displayed prominently at the construction site for easy public viewing.

In this regard, the ward-wise following Teams have been deployed for day and night patrolling for ensuring the dust-mitigation measures as mentioned above.
